This Schedule Applies To Covered Expenses Provided By Network Providers.

This section describes cost sharing features, benefit maximums and other important provisions that apply to your Plan. The specific cost sharing features and the applicable dollar amounts or benefit percentages are contained in the attached health expense sections of this *Schedule of Benefits*.

The insurance described in this *Schedule of Benefits* will be provided under Aetna Life Insurance Company's policy form GR-29N.

Keep This Schedule of Benefits With Your Booklet-Certificate.

Copayments and Benefit Deductible Provisions *(GR-9N-09-015-01 V.A)*

Copayment, Copay

This is a specified dollar amount or percentage, shown in the *Schedule of Benefits*, you are required to pay for **covered expenses**.

General *(GR-9N.S-28-01 01)*

This Schedule of Benefits replaces any similar Schedule of Benefits previously in effect under your Plan of benefits. Requests for coverage other than that to which you are entitled in accordance with this Schedule of Benefits cannot be accepted. This Schedule is part of your Booklet-Certificate and should be kept with your Booklet-Certificate form GR-9N. Coverage is underwritten by Aetna Life Insurance Company.

Important Information Regarding Availability of Coverage (GR-9N-02-020-01 VA)

No services are covered under this *Booklet-Certificate* in the absence of payment of current premiums subject to the *Grace Period* and the *Premium* section of the *Group Insurance Policy*.

Unless specifically provided in any applicable termination or continuation of coverage provision described in this *Booklet-Certificate* or under the terms of the *Group Insurance Policy*, the Plan does not pay benefits for a loss or claim for a health care, medical or dental care expense incurred before coverage starts under this Plan.

This Plan will not pay any benefits for any claims, or expenses incurred after the date this Plan terminates.

This provision applies even if the loss, or expense, was incurred because of an accident, **injury** or **illness** that occurred, began or existed while coverage was in effect.

Please refer to the sections, “*Termination of Coverage (Extension of Benefits)*” and “*Continuation of Coverage*” for more details about these provisions.

Benefits may be modified during the term of this Plan as specifically provided under the terms of the *Group Insurance Policy* or upon renewal. If benefits are modified, the revised benefits (including any reduction in benefits or elimination of benefits) apply to any expenses incurred for services or supplies furnished on or after the effective date of the Plan modification. There is no vested right to receive any benefits described in the *Group Insurance Policy* or in this *Booklet-Certificate* beyond the date of termination or renewal including if the service or supply is furnished on or after the effective date of the plan modification, but prior to your receipt of amended Plan documents.

Coverage for You and Your Dependents (GR-9N-02-020-01 VA)

Dental Expense Coverage (GR-9N-02-020-01 VA)

Benefits are payable for covered dental care expenses that are incurred by you or your covered dependents while coverage is in effect. An expense is “incurred” on the day you receive a dental care service or supply.

Coverage under this Plan is non-occupational. Only **non-occupational injuries** and **non-occupational illnesses** are covered.

Refer to the *What the Plan Covers* section of the *Booklet-Certificate* for more information about your coverage.

Treatment Outcomes of Covered Services (GR-9N-02-020-01 VA)

Aetna is not a provider of dental care services and therefore is not responsible for and does not guarantee any results or outcomes of the covered dental care services and supplies you receive. Except for Aetna RX Home Delivery LLC, providers of dental care services, including hospitals, institutions, facilities or agencies, are independent contractors and are neither agents nor employees of **Aetna** or its affiliates.

When Your Coverage Begins

(GR-9N-29-005-01 V/A)

Who Can Be Covered

How and When to Enroll

When Your Coverage Begins

Throughout this section you will find information on who can be covered under the plan, how to enroll and what to do when there is a change in your life that affects coverage. In this section, “you” means the employee.

Who Can Be Covered

Employees

To be covered by this plan, the following requirements must be met:

- You will need to be in an “eligible class”, as defined below; and
- You will need to meet the “eligibility date criteria” described below.

Determining if You Are in an Eligible Class

You are in an eligible class if you meet eligibility, as defined by FCPS

- .

Determining When You Become Eligible

You become eligible for the Plan on your eligibility date, which is determined as follows.

On the Effective Date of the Plan

If you are in an eligible class on the effective date of this Plan, your coverage eligibility date is the effective date of the Plan.

After the Effective Date of the Plan

If you are hired after the effective date of this Plan, your eligibility coverage date is the first day of the month coinciding with or next following the date you are hired.

If you enter an eligible class after the effective date of this Plan, your coverage eligibility date is the date you enter the eligible class.

Obtaining Coverage for Dependents (GR-9N-29-010-01 V/A)

Your dependents can be covered under your plan. You may enroll the following dependents:

- Your legal spouse; and
- Your dependent children.

Aetna will rely upon your employer to determine whether or not a person meets the definition of a dependent for coverage under the plan. This determination will be conclusive and binding upon all persons for the purposes of this plan.

Coverage for Dependent Children (GR-9N-29-010-06 V/A)

To be eligible for coverage, a dependent child must be under 26 years of age.

An eligible dependent child includes:

- Your biological children;
- Your stepchildren;
- Your legally adopted children;
- Your foster children, including any children placed with you for adoption;
- Any children for whom you are responsible under court order;
- Your grandchildren in your court-ordered custody; and
- Any other child who lives with you in a parent-child relationship.

Coverage for a handicapped child may be continued past the age limits shown above. See *Handicapped Dependent Children* for more information.

Important Reminder

Keep in mind that you cannot receive coverage under this Plan as:

- Both an employee and a dependent; or
- A dependent of more than one employee.

How and When to Enroll (GR-9N 29-015 02 V/A)

Initial Enrollment in the Plan

You will be provided with plan benefit and enrollment information when you first become eligible to enroll. You will need to enroll in a manner determined by **Aetna** and your employer. To complete the enrollment process, you will need to provide all requested information for yourself and your eligible dependents. You will also need to agree to make required contributions for any contributory coverage. Your employer will determine the amount of your plan contributions, which you will need to agree to before you can enroll. Your employer will advise you of the required amount of your contributions and will deduct your contributions from your pay. Remember plan contributions are subject to change.

You will need to enroll within 30 days of your eligibility date.

If you do not enroll for coverage when you first become eligible, but wish to do so later, your employer will provide you with information on when and how you can enroll.

Newborns are automatically covered for 30 days after birth. To continue coverage after 30 days, you will need to complete a change form and return it to your employer within the 30-day enrollment period.

Annual Enrollment

During the annual enrollment period, you will have the opportunity to review your coverage needs for the upcoming year. During this period, you have the option to change your coverage. The choices you make during this annual enrollment period will become effective the following year.

If you do not enroll yourself or a dependent for coverage when you first become eligible, but wish to do so later, you will need to do so during the next annual enrollment period, unless you have a qualifying life event.

When Your Coverage Begins (GR-9N-29-025-01 V/A)

Your Effective Date of Coverage

Your coverage takes effect on the later of:

- Your Eligibility Date; and
- The date your enrollment is received.

If you do not return your completed enrollment information within 30 days of your eligibility date, the rules under *Rules and Limits That Apply to the Dental Plan* section will apply.

Your Dependent's Effective Date of Coverage

Your dependent's coverage takes effect on the same day that your coverage becomes effective, if you have enrolled them in the Plan by then.

Note: New dependents need to be reported to **Aetna** within 30 days because they may affect your contributions.

Requirements For Coverage (GR-9N-09-005-01 V/A)

To be covered by the Plan, services and supplies must meet all of the following requirements:

1. The service or supply must be covered by the Plan. For a service or supply to be covered, it must:
 - Be included as a covered expense in this Booklet-Certificate;
 - Not be an excluded expense under this Booklet-Certificate. Refer to the *Exclusions* sections of this Booklet-Certificate for a list of services and supplies that are excluded;
 - Not exceed the maximums and limitations outlined in this Booklet-Certificate. Refer to the *What the Plan Covers* section and the *Schedule of Benefits* for information about certain expense limits; and
 - Be obtained in accordance with all the terms, policies and procedures outlined in this Booklet-Certificate.
2. The service or supply must be provided while coverage is in effect. See the *Who Can Be Covered, How and When to Enroll, When Your Coverage Begins, When Coverage Ends* and *Continuation of Coverage* sections for details on when coverage begins and ends.
3. The service or supply must be **medically necessary**. To meet this requirement, the dental service or supply must be provided by a **physician**, or other health care provider or **dental provider**, exercising prudent clinical judgment, to a patient for the purpose of preventing, evaluating, diagnosing or treating an **illness, injury**, disease or its symptoms. The provision of the service or supply must be:
 - (a) In accordance with generally accepted standards of dental practice;
 - (b) Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's **illness, injury** or disease; and
 - (c) Not primarily for the convenience of the patient, **physician** or **dental provider** or other health care provider;
 - (d) And not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's **illness, injury**, or disease.

For these purposes “generally accepted standards of dental practice” means standards that are based on credible scientific evidence published in peer-reviewed dental literature generally recognized by the relevant dental community, or otherwise consistent with **physician** or dental specialty society recommendations and the views of **physicians** or **dentists** practicing in relevant clinical areas and any other relevant factors.

Important Note

- Not every service or supply that fits the definition for **medical necessity** is covered by the Plan. Exclusions and limitations apply to certain dental services, supplies and expenses. For example some benefits are limited to a certain number of days, visits or a dollar maximum. Refer to the *What the Plan Covers* section and the *Schedule of Benefits* for the Plan limits and maximums.

How Your Aetna Dental Plan Works

(GR-9N 16-005-01)

Common Terms

What the Plan Covers

Rules that Apply to the Plan

What the Plan Does Not Cover

Understanding Your Aetna Dental Plan

It is important that you have the information and useful resources to help you get the most out of your **Aetna** dental Plan. This Booklet-Certificate explains:

- Definitions you need to know;
- How to access care, including procedures you need to follow;
- What services and supplies are covered and what limits may apply;
- What services and supplies are not covered by the Plan;
- How you share the cost of your covered services and supplies; and
- Other important information such as eligibility, complaints and appeals, termination, continuation of coverage and general administration of the Plan.

Important Notes:

Unless otherwise indicated, "you" refers to you and your covered dependents. You can refer to the Eligibility section for a complete definition of "you".

This Booklet-Certificate applies to coverage only and does not restrict your ability to receive covered expenses that are not or might not be **covered expenses** under this dental Plan.

Store this Booklet-Certificate in a safe place for future reference.

Getting Started: Common Terms (GR-9N 16-010-01)

Many terms throughout this Booklet-Certificate are defined in the *Glossary* Section at the back of this document. Defined terms appear in bolded print. Understanding these terms will also help you understand how your Plan works and provide you with useful information regarding your coverage.

About the Managed Dental Plan (GR-9N 16-015-01)

Under the Managed Dental Plan, you access care through the **primary care dentists (PCD)** you select when you enroll. Each covered family member may select a different **PCD**. Your **PCD** provides basic and routine dental services and supplies, and will refer you to other **dental providers** in the network.

You may select a **PCD** from the **Aetna network provider directory** or by logging on to **Aetna's** website at www.Aetna.com. You can search **Aetna's** online **directory**, provider search, for names and locations of **network providers**.

Out-of-network services and supplies are not covered, except in the event of a **dental emergency**.

Important Reminder

You must have a **referral** from your **PCD** in order to receive coverage for any services a **specialist dentist** provides. Please refer to the *Referral Process* section.

Accessing Network Providers

- The Plan pays a higher level of benefits when your **PCD** provides your care or refers you to a **specialist dentist**.
- You must pay a **copay** for certain types of services and supplies.
- You have no further out-of-pocket expenses after you pay all applicable **copays**, as shown in the *Schedule of Benefits*.
- You will not have to submit dental claims for treatment received from **network providers**. Your **network provider** will take care of claim submission. **Aetna** will directly pay the **network providers** less any cost sharing required by you. You will be responsible for **coinsurance** and **copayments**, if any.

If you need a service that is not available from a **network provider**, your **PCD** may refer you to an **out-of-network provider**. You will receive the **network** level of coverage if your **PCD** gets approval from **Aetna** for this referral.

Changing Your PCD

You may change your **PCD** at any time on **Aetna's** website, www.Aetna.com, or by writing to **Aetna** or calling the Member Services toll-free number on your identification card. The change will be effective as follows:

- If **Aetna** receives a request on or before the 15th day of the month, the change will be effective on the first day of the next month.
- If **Aetna** receives a request after the 15th day of the month, the change will be effective on the first day of the month following the next month.

Availability of Providers

Aetna cannot guarantee the availability or continued participation of a particular **provider**. Either **Aetna** or any **network provider** may terminate the **provider** contract or limit the number of patients accepted in a practice. If the **PCD** initially selected cannot accept additional patients, you will be notified and given an opportunity to make another selection. If the agreement between **Aetna** and your selected **PCD** is terminated, **Aetna** will notify you of the termination and request you to select another **PCD**.

Important Reminder

Refer to the *Schedule of Benefits* for details about any applicable **deductibles**, **copayments**, **coinsurance** and **maximums**. There is a separate deductible and maximum that applies to **orthodontic treatment**.

Using Your Dental Plan (GR-9N 16-020-01)

The Referral Process

There may be times when you need services and supplies that only a dental **specialist** can provide. In these cases, your **PCD** will make a **referral** to a **specialist dentist**. A **PCD referral** is not required for any orthodontic services.

Having a **referral** from your **PCD** keeps your out-of-pocket expenses lower for services of a **specialist dentist** and any necessary follow-up treatment. The **referral** is important because it is how your **PCD** arranges for you to receive care and follow-up treatment.

Important Reminder

You must have a **referral** from your **PCD** in order to receive the network level of coverage for any services received from a **specialist dentist**.

How Referrals Work

Here are some important points to remember:

When your **PCD** determines that your treatment should be provided by a **specialist dentist**, you'll receive a written or electronic **referral**. The **referral** will be good for 90 days, as long as you remain covered under the Plan.

Go over the **referral** with your **PCD**. Make sure you understand what types of services have been recommended and why.

When you visit the **specialist dentist**, bring the **referral** (or check in advance to verify that they have received the electronic **referral**).

You cannot request a **referral** from your **PCD** *after* you have received services from a **specialist dentist**.

If a service you need isn't available from an in **network provider**, your **PCD** may refer you to an **out-of-network provider**. Your **PCD** must get **precertification** from **Aetna** and issue a special out-of-network referral for services from **out-of-network providers** to be covered at the in-network level of coverage.

When You Do Not Need a PCD Referral

You do *not* need a **PCD referral** for:

- **Emergency care.** Please refer to the "*In the case of a Dental Emergency*" section.
- Direct Access Services. Orthodontic services and supplies do not require a **referral**.

In Case of a Dental Emergency (GR-9N-16-040-01)

If you need dental care for the palliative treatment (pain relieving, stabilizing) of a **dental emergency**, you are covered 24 hours a day, 7 days a week.

A **dental emergency** is any dental condition which:

- Occurs unexpectedly;
- Requires immediate diagnosis and treatment in order to stabilize the condition; and
- Is characterized by symptoms such as severe pain and bleeding.

Follow the guidelines below when you believe you have a **dental emergency**.

If you have a **dental emergency**, call your **PCD**. If you cannot reach your **PCD** or are away from home, you may get treatment from any **dentist**. You may also call Member Services for help in finding a **dentist**. The care must be for the temporary relief of the **dental emergency** until you can be seen by your **PCD**. The care provided must be a covered service or supply. You must submit a claim to **Aetna** describing the care given.

The Plan pays a benefit up to the **dental emergency** maximum.

All follow-up care should be provided by your **PCD**.

If you seek care from an **out-of-network provider** for a non-emergency dental condition (that is, one that does not meet the definition above), no benefit will be payable.

What The Plan Covers (GR-9N-19-005-01)

Managed Dental Plan

Managed Dental Plan is merely a name of the benefits in this section. The Plan does not pay a benefit for all dental expenses you incur.

Important Reminder

Your dental services and supplies must meet the following rules to be covered by the plan:

- The services and supplies must be **medically necessary**.
- The service and supplies must be listed in the dental care schedule.
- You must be covered by the Plan when you incur the expense.

Covered expenses include charges made by a **dental provider** only for the services and supplies that are listed in the dental care schedule that applies. See *Schedule of Benefits*

The next sentence applies if:

- A charge is made for an unlisted service given for the dental care of a specific condition; and
- The list includes one or more services that; under standard practices; are separately suitable for the dental care of that condition.

In that case, the charge will be considered to have been made for a service in the list that **Aetna** determines would have produced a professionally acceptable result.

Coverage is also provided for a **dental emergency**. For additional information, please refer to *In Case of a Dental Emergency*.

Important Reminder

The **copays**, that apply to each type of dental care are shown in the *Schedule of Benefits*.

Managed Dental Expense Coverage Plan (GR-9N-19-006-01)

The following additional dental expenses will be considered **covered expenses** for you and your covered dependent if you have medical coverage and have at least one of the following conditions:

- Pregnancy;
- Coronary artery disease/cardiovascular disease;
- Cerebrovascular disease; or
- Diabetes

Additional Covered Dental Expenses

- One additional prophylaxis (cleaning) per year.
- Scaling and root planing, (4 or more teeth); per quadrant;
- Scaling and root planing (limited to 1-3 teeth); per quadrant;
- Full mouth debridement;
- Periodontal maintenance (one additional treatment per year).

Payment of Benefits

The additional prophylaxis, the benefit will be payable the same as other prophylaxis under the plan.

Rules and Limits That Apply to the Dental Plan (GR-9N 20-005-01)

Several rules apply to the dental Plan. Following these rules will help you use the Plan to your advantage by avoiding expenses that are not covered by the Plan.

Orthodontic Treatment Rule

The Plan does not cover the following orthodontic services and supplies:

- Replacement of broken appliances;
- Re-treatment of orthodontic cases;
- Changes in treatment necessitated by an **accident**;
- Maxillofacial surgery;
- Myofunctional therapy;
- Treatment of micrognathia;
- Treatment of cleft palate;
- Treatment of macroglossia;
- Treatment of primary dentition;
- Treatment of transitional dentition;
- Lingually placed direct bonded appliances and arch wires (i.e. "invisible braces"); or

The Plan will not cover the charges for an orthodontic procedure if an active appliance for that procedure was installed before you were covered by the Plan.

Replacement Rule *(GR-9N 20-010-01)*

Crowns, inlays, onlays and veneers, complete dentures, removable partial dentures, fixed partial dentures (bridges) and other prosthetic services are subject to the Plan's replacement rule. That means certain replacements of, or additions to, existing crowns, inlays, onlays, veneers, dentures or bridges are covered only when you give proof to **Aetna** that:

- While you were covered by the Plan, you had a tooth (or teeth) extracted after the existing denture or bridge was installed. As a result, you need to replace or add teeth to your denture or bridge.
- The present crown, inlay and onlay, veneer, complete denture, removable partial denture, fixed partial denture (bridge), or other prosthetic service was installed at least 5 years before its replacement and cannot be made serviceable.
- You had a tooth (or teeth) extracted while you were covered by the Plan. Your present denture is an immediate temporary one that replaces that tooth (or teeth). A permanent denture is needed, and the temporary denture cannot be used as a permanent denture. Replacement must occur within 12 months from the date that the temporary denture was installed.

Tooth Missing but Not Replaced Rule

The first installation of complete dentures, removable partial dentures, fixed partial dentures (bridges), and other prosthetic services will be covered if:

- The dentures, bridges or other prosthetic services are needed to replace one or more natural teeth that were removed while you were covered by the Plan; and
- The tooth that was removed was not an abutment to a removable or fixed partial denture installed during the prior 5 years. The extraction of a third molar does not qualify. Any such appliance or fixed bridge must include the replacement of an extracted tooth or teeth.

Alternate Treatment Rule *(GR-9N-20-015-01)*

Sometimes there are several ways to treat a dental problem, all of which provide acceptable results. When alternate services or supplies can be used, the Plan's coverage will be limited to the cost of the least expensive service or supply that is:

- Customarily used nationwide for treatment, and
- Deemed by the dental profession to be appropriate for treatment of the condition in question. The service or supply must meet broadly accepted standards of dental practice, taking into account your current oral condition.

You should review the differences in the cost of alternate treatment with your **dental provider**. Of course, you and your **dental provider** can still choose the more costly treatment method. You are responsible for any charges in excess of what the Plan will cover.

Coverage for Dental Work Begun Before You Are Covered by the Plan (GR-9N 20-020-01)

The Plan does not cover dental work that began before you were covered by the Plan. This means that the following dental work is not covered:

- An appliance, or modification of an appliance, if an impression for it was made before you were covered by the Plan;
- A crown, bridge, or cast or processed restoration, if a tooth was prepared for it before you were covered by the Plan; or
- Root canal therapy, if the pulp chamber for it was opened before you were covered by the Plan.

Coverage for Dental Work Completed After Termination of Coverage

Your dental coverage may end while you or your covered dependent is in the middle of treatment. The Plan does not cover dental services that are given after your coverage terminates. There is an exception. The Plan will cover the following services if they are ordered while you were covered by the Plan, and installed within 30 days after your coverage ends.

- Inlays;
- Onlays;
- Crowns;
- Removable bridges;
- Cast or processed restorations;
- Dentures;
- Fixed partial dentures (bridges); and
- Root canals.

"Ordered" means:

- For a denture: the impressions from which the denture will be made were taken.
- For a root canal: the pulp chamber was opened.
- For any other item: the teeth which will serve as retainers or supports, or the teeth which are being restored:
 - Must have been fully prepared to receive the item; and
 - Impressions have been taken from which the item will be prepared.

Additional Items Not Covered By A Dental Plan (GR-9N-28-015-01-V/A)

Not every dental service or supply is covered by the Plan, even if prescribed, recommended, or approved by your **physician** or **dentist**. The Plan covers only those services and supplies that are **medically necessary** and included in the *What the Plan Covers* section. Charges made for the following are not covered except to the extent listed under the *What The Plan Covers* section or by amendment attached to this Booklet-Certificate.

Acupuncture, acupressure and acupuncture therapy, except as provided in the *What the Plan Covers* section.

Any charges in excess of the benefit, dollar, day, visit or supply limits stated in this Booklet-Certificate.

Miscellaneous charges for services or supplies including:

- Cancelled or missed appointment charges or charges to complete claim forms;
- Charges the recipient has no legal obligation to pay; or the charges would not be made if the recipient did not have coverage (to the extent exclusion is permitted by law) including:
 - Care in charitable institutions;
 - Care for conditions related to current or previous military service; or
 - Care while in the custody of a governmental authority.

Non-**medically necessary** services, including but not limited to, those treatments, services, **prescription drugs** and supplies which are not **medically necessary**, as determined by **Aetna**, for the diagnosis and treatment of **illness, injury**, restoration of physiological functions, or covered preventive services. This applies even if they are prescribed, recommended or approved by your **physician** or **dentist**.

Routine dental exams and other preventive services and supplies, except as specifically provided in the *What the Plan Covers* section.

Services rendered before the effective date or after the termination of coverage, unless coverage is continued under the *Continuation of Coverage* section of this Booklet-Certificate.

Work related: Any **illness** or **injury** related to employment or self-employment including any **injuries** that arise out of (or in the course of) any work for pay or profit, unless no other source of coverage or reimbursement is available to you for the services or supplies. Sources of coverage or reimbursement may include your employer, workers' compensation, or an **occupational illness** or similar program under local, state or federal law. A source of coverage or reimbursement will be considered available to you even if you waived your right to payment from that source. If you are also covered under a workers' compensation law or similar law, and submit proof that you are not covered for a particular **illness** or **injury** under such law, that **illness** or **injury** will be considered "non-occupational" regardless of cause.

When Coverage Ends (GR-9N-30-015-04)

Coverage under your Plan can end for a variety of reasons. In this section, you will find details on how and why coverage ends, and how you may still be able to continue coverage.

When Coverage Ends for Employees

Your coverage under the Plan will end if:

- The Plan is discontinued;
- You voluntarily stop your coverage;
- The group policy ends;
- You are no longer eligible for coverage;
- You do not make any required contributions;
- You become covered under another Plan offered by your employer;
- You have exhausted your overall maximum lifetime benefit under your dental Plan, if your Plan contains such a maximum benefit; or
- Your employment stops for any reason, including a job elimination or being placed on severance. This will be either the date you stop active work, or the day before the first premium due date that occurs after you stop active work. However, if premium payments are made on your behalf, **Aetna** may deem your employment to continue, for purposes of remaining eligible for coverage under this Plan, as described below:
 - If you are not actively at work due to **illness or injury**, your coverage may continue, until stopped by your employer, but not beyond 30 months from the start of your absence.
 - If you are not actively at work due to temporary lay-off or leave of absence, your coverage will stop on your last full day you are actively at work before the start of the lay-off or leave of absence.

It is your employer's responsibility to let **Aetna** know when your employment ends. The limits above may be extended only if **Aetna** and your employer agree, in writing, to extend them.

When Coverage Ends for Dependents (GR-9N-30-015-02 V.A)

Coverage for your dependents will end if:

- You are no longer eligible for dependents' coverage;
- You do not make your contribution for the cost of dependents' coverage;
- Your own coverage ends for any of the reasons listed under *When Coverage Ends* for Employees. (This does not apply if you use up your overall lifetime maximum, if included);
- Your dependent is no longer eligible for coverage. Coverage ends at the end of the calendar month when your dependent does not meet the plan's definition of a dependent; or
- As permitted under applicable federal and state law, your dependent becomes eligible for like benefits under this or any other group Plan offered by your employer.

Coverage for dependents may continue for a period after your death. Coverage for handicapped dependents may continue after they reach any limiting age. See *Continuation of Coverage* for more information.

Handicapped Dependent Children (GR-9N-31-015-01 VA)

Health Expense Coverage for your fully handicapped dependent child may be continued past the maximum age for a dependent child.

Your child is fully handicapped if:

- he or she is not able to earn his or her own living because of mental retardation or a physical handicap which started prior to the date he or she reaches the maximum age for dependent children under your Plan; and
- he or she depends chiefly on you for support and maintenance.

Proof that your child is fully handicapped must be submitted to **Aetna** no later than 30 days after the date your child reaches the maximum age under your Plan.

Coverage will cease on the first to occur of:

- Cessation of the handicap.
- Failure to give proof that the handicap continues.
- Failure to have any required exam.
- Termination of Dependent Coverage as to your child for any reason other than reaching the maximum age under your Plan.

Aetna will have the right to require proof of the continuation of the handicap. **Aetna** also has the right to examine your child as often as needed while the handicap continues at its own expense. An exam will not be required more often than once each year after 2 years from the date your child reached the maximum age under your Plan.

COBRA Continuation of Coverage (GR-9N 31-025-02 VA)

Please refer to the FCPS Employee Benefits Handbook or COBRA Continuation Notice you received from FCPS for more details.

Coordination of Benefits - What Happens When There is More Than One Health Plan

(GR-9N-33-005-02)

When Coordination of Benefits
Applies

Getting Started - Important Terms

Which Plan Pays First

How Coordination of Benefits Works

When Coordination of Benefits Applies

This Coordination of Benefits (COB) provision applies to this plan when you or your covered dependent has health coverage under more than one plan. “Plan” and “This plan” are defined herein. The Order of Benefit Determination Rules below determines which plan will pay as the primary plan. The primary plan pays first without regard to the possibility that another plan may cover some expenses. A secondary plan pays after the primary plan and may reduce the benefits it pays so that payments from all group plans do not exceed 100% of the total allowable expense.

Getting Started - Important Terms

When used in this provision, the following words and phrases have the meaning explained herein.

Allowable Expense means a health care service or expense, including, coinsurance and **copayments** and without reduction of any applicable **deductible**, that is covered at least in part by any of the Plans covering the person. When a Plan provides benefits in the form of services (for example an HMO), the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense or service that is not covered by any of the Plans is not an allowable expense. Any expense that a health care provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an allowable expense. The following are examples of expenses and services that are not allowable expenses:

1. If a covered person is confined in a private **hospital** room, the difference between the cost of a semi-private room in the **hospital** and the private room is not an allowable expense. This does not apply if one of the Plans provides coverage for a private room.
2. If a person is covered by 2 or more Plans that compute their benefit payments on the basis of reasonable or recognized charges, any amount in excess of the highest of the reasonable or recognized charges for a specific benefit is not an allowable expense.
3. If a person is covered by 2 or more Plans that provide benefits or services on the basis of negotiated charges, an amount in excess of the highest of the negotiated charges is not an allowable expense.
4. The amount a benefit is reduced or not reimbursed by the primary Plan because a covered person does not comply with the Plan provisions is not an allowable expense. Examples of these provisions are second surgical opinions, precertification of admissions, and preferred provider arrangements.
5. If all Plans covering a person are high deductible Plans and the person intends to contribute to a health savings account established in accordance with section 223 of the Internal Revenue Code of 1986, the primary high deductible Plan’s deductible is not an allowable expense, except as to any health expense that may not be subject to the deductible as described in section 223(c)(2)(C) of the Internal Revenue Code of 1986.

If a person is covered by one Plan that computes its benefit payments on the basis of reasonable or recognized charges and another Plan that provides its benefits or services on the basis of negotiated charges, the primary plan’s payment arrangements shall be the allowable expense for all the Plans. However, if the secondary plan has a negotiated fee or payment amount different from the primary plan and if the provider contract permits, that negotiated fee will be the allowable expense used by the secondary plan to determine benefits.

When a plan provides benefits in the form of services, the reasonable cash value of each service rendered shall be deemed an allowable expense and a benefit paid.

Closed Panel Plan(s). A plan that provides health benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the plan, and that limits or excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.

Custodial Parent. A parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.

Plan. Any Plan providing benefits or services by reason of health care or treatment, which benefits or services are provided by one of the following:

- Group or nongroup, blanket, or franchise health insurance policies issued by insurers, including health care service contractors;
- Other prepaid coverage under service Plan contracts, or under group or individual practice;
- Uninsured arrangements of group or group-type coverage;
- Labor-management trustee Plans, labor organization plans, employer organization Plans, or employee benefit organization Plans;
- Medical benefits coverage in a group, group-type, and individual automobile “no-fault” and traditional automobile “fault” type contracts;
- Medicare or other governmental benefits;
- Other group-type contracts. Group type contracts are those which are not available to the general public and can be obtained and maintained only because membership in or connection with a particular organization or group.

If the Plan includes medical, prescription drug, dental, vision and hearing coverage, those coverages will be considered separate plans. For example, Medical coverage will be coordinated with other Medical plans, and dental coverage will be coordinated with other dental plans.

This Plan is any part of the policy that provides benefits for health care expenses.

Primary Plan/Secondary Plan. The order of benefit determination rules state whether This Plan is a Primary Plan or Secondary Plan as to another Plan covering the person.

When This Plan is a primary Plan, its benefits are determined before those of the other Plan and without considering the other Plan’s benefits.

When This Plan is a Secondary Plan, its benefits are determined after those of the other Plan and may be reduced because of the other Plan’s benefits.

When there are more than two Plans covering the person, this Plan may be a Primary Plan as to one or more other Plans, and may be a Secondary Plan as to a different Plan or Plans.

Which Plan Pays First (GR-9N-33-010-01)

When two or more plans pay benefits, the rules for determining the order of payment are as follows:

- The primary plan pays or provides its benefits as if the secondary plan or plans did not exist.
- A plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary. There is one exception: coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan **hospital** and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.
- A plan may consider the benefits paid or provided by another plan in determining its benefits only when it is secondary to that other plan.

The first of the following rules that describes which plan pays its benefits before another plan is the rule to use:

1. **Non-Dependent or Dependent.** The plan that covers the person other than as a dependent, for example as an employee, member, subscriber or retiree is primary and the plan that covers the person as a dependent is secondary. However, if the person is a **Medicare** beneficiary and, as a result of federal law, **Medicare** is secondary to the plan covering the person as a dependent; and primary to the plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two plans is reversed so that the plan covering the person as an employee, member, subscriber or retiree is secondary and the other plan is primary.
2. **Child Covered Under More than One Plan.** The order of benefits when a child is covered by more than one plan is:
 - A. The primary plan is the plan of the parent whose birthday is earlier in the year if:
 - i. The parents are married or living together whether or not married;
 - ii. A court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage or if the decree states that both parents are responsible for health coverage. If both parents have the same birthday, the plan that covered either of the parents longer is primary.
 - B. If the specific terms of a court decree state that one of the parents is responsible for the child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. If the parent with responsibility has no health coverage for the dependent child's health care expenses, but that parent's spouse does, the plan of the parent's spouse is the primary plan.
 - C. If the parents are separated or divorced or are not living together whether or not they have ever been married and there is no court decree allocating responsibility for health coverage, the order of benefits is:
 - The plan of the custodial parent;
 - The plan of the spouse of the **custodial parent**;
 - The plan of the **noncustodial parent**; and then
 - The plan of the spouse of the **noncustodial parent**.

For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits should be determined as outlined above as if the individuals were the parents.

3. **Active Employee or Retired or Laid off Employee.** The plan that covers a person as an employee who is neither laid off nor retired or as a dependent of an active employee, is the primary plan. The plan covering that same person as a retired or laid off employee or as a dependent of a retired or laid off employee is the secondary plan. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule will not apply if the Non-Dependent or Dependent rules above determine the order of benefits.
4. **Continuation Coverage.** If a person whose coverage is provided under a right of continuation provided by federal or state law also is covered under another plan, the plan covering the person as an employee, member, subscriber or retiree (or as that person's dependent) is primary, and the continuation coverage is secondary. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule will not apply if the Non-Dependent or Dependent rules above determine the order of benefits.

5. Longer or Shorter Length of Coverage. The plan that covered the person as an employee, member, or subscriber longer is primary.
6. If the preceding rules do not determine the primary plan, the allowable expenses shall be shared equally between the plans meeting the definition of plan under this provision. In addition, This Plan will not pay more than it would have paid had it been primary.

How Coordination of Benefits Works

When this plan is secondary, it may reduce its benefits so that total benefits paid or provided by all plans during a claim determination period are not more than 100% of total allowable expenses. The difference between the benefit payments that this plan would have paid had it been the primary plan, and the benefit payments that it actually paid or provided shall be recorded as a benefit reserve for the covered person and used by this plan to pay any allowable expenses, not otherwise paid during the claim determination period.

In addition, a **secondary plan** will credit to its plan deductible any amounts that would have been credited in the absence of other coverage.

Under the COB provision of **This Plan**, the amount normally reimbursed for covered benefits or expenses under **This Plan** is reduced to take into account payments made by other plans. The general rule is that the benefits otherwise payable under **This Plan** for all covered benefits or expenses will be reduced by all other plan benefits payable for those expenses. When the COB rules of **This Plan** and another plan both agree that **This Plan** determines its benefits before such other plan, the benefits of the other plan will be ignored in applying the general rule above to the claim involved. Such reduced amount will be charged against any applicable benefit limit of this coverage.

If a covered person is enrolled in two or more **closed panel plans** COB generally does not occur with respect to the use of panel providers. However, COB may occur if a person receives emergency services that would have been covered by both plans.

Right To Receive And Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits under this plan and other plans. **Aetna** has the right to release or obtain any information and make or recover any payments it considers necessary in order to administer this provision.

Facility of Payment

Any payment made under another plan may include an amount, which should have been paid under this plan. If so, **Aetna** may pay that amount to the organization, which made that payment. That amount will then be treated as though it were a benefit paid under this plan. **Aetna** will not have to pay that amount again. The term “payment made” means reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments made by **Aetna** is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

When You Have Medicare Coverage

(GR-9N-33-020-01)

Which Plan Pays First

How Coordination with Medicare Works

What is Not Covered

This section explains how the benefits under **This Plan** interact with benefits available under **Medicare**.

Medicare, when used in this Booklet-Certificate, means the health insurance provided by Title XVIII of the Social Security Act, as amended. It includes Health Maintenance Organization (HMO) or similar coverage that is an authorized alternative to Parts A and B of **Medicare**

You are eligible for **Medicare** if you are:

- Covered under it by reason of age, disability, or
- End Stage Renal Disease; or
- Not covered under it because you:
 1. Refused it;
 2. Dropped it; or
 3. Failed to make a proper request for it.

If you are eligible for **Medicare**, the plan coordinates the benefits it pays with the benefits that **Medicare** pays. Sometimes, the **plan** is the primary payor, which means that the **plan** pays benefits before **Medicare** pays benefits. Under other circumstances, the **plan** is the secondary payor, and pays benefits after **Medicare**.

Which Plan Pays First

The plan is the primary payor when your coverage for the **plan**'s benefits is based on current employment with your employer. The **plan** will act as the primary payor for the **Medicare** beneficiary who is eligible for **Medicare**:

- Solely due to age if the **plan** is subject to the Social Security Act requirements for **Medicare** with respect to working aged (i.e., generally a plan of an employer with 20 or more employees);
- Due to diagnosis of end stage renal disease, but only during the first 30 months of such eligibility for **Medicare** benefits. This provision does not apply if, at the start of eligibility, you were already eligible for **Medicare** benefits, and the **plan**'s benefits were payable on a secondary basis;
- Solely due to any disability other than end stage renal disease; but only if the **plan** meets the definition of a large group health plan as outlined in the Internal Revenue Code (i.e., generally a plan of an employer with 100 or more employees).

The plan is the secondary payor in all other circumstances.

How Coordination With Medicare Works

When the Plan is Primary

The **plan** pays benefits first when it is the primary payor. You may then submit your claim to **Medicare** for consideration.

When Medicare is Primary

Your health care expense must be considered for payment by **Medicare** first. You may then submit the expense to **Aetna** for consideration.

Aetna will calculate the benefits the **plan** would pay in the absence of **Medicare**:

The amount will be reduced so that when combined with the amount paid by **Medicare**, the total benefits paid or provided by all plans for the claim do not exceed 100 % of the total **allowable expense**.

This review is done on a claim-by-claim basis.

Charges used to satisfy your Part B deductible under **Medicare** will be applied under the **plan** in the order received by **Aetna**. **Aetna** will apply the largest charge first when two or more charges are received at the same time.

Aetna will apply any rule for coordinating health care benefits after determining the benefits payable.

Right to Receive and Release Required Information (GR-9N-33-025-01)

Certain facts about health care coverage and services are required to apply coordination of benefits (COB) rules to determine benefits under **This Plan** and other **plans**. **Aetna** has the right to obtain or release any information, and make or recover any payments it considers necessary, in order to administer this provision.

General Provisions (GR-9N-32-005-02 VA)

Type of Coverage

Coverage under the Plan is **non-occupational**. Only **non-occupational** accidental **injuries** and **non-occupational illnesses** are covered. The Plan covers charges made for services and supplies only while the person is covered under the Plan.

Physical Examinations

Aetna will have the right and opportunity to examine and evaluate any person who is the basis of any claim at all reasonable times while a claim is pending or under review. This will be done at no cost to you.

Legal Action

No legal action can be brought to recover payment under any benefit after 3 years from the deadline for filing claims.

Aetna will not try to reduce or deny a benefit payment on the grounds that a condition existed before your coverage went into effect, if the loss occurs more than 2 years from the date coverage commenced. This will not apply to conditions excluded from coverage on the date of the loss.

Confidentiality

Information contained in your medical records and information received from any provider incident to the provider-patient relationship shall be kept confidential in accordance with applicable law. Information may be used or disclosed by **Aetna** when necessary for your care or treatment, the operation of the Plan and administration of this Booklet-Certificate, or other activities, as permitted by applicable law. You can obtain a copy of **Aetna's** Notice of Information Practices by calling **Aetna's** toll-free Member Service telephone.

Additional Provisions

The following additional provisions apply to your coverage.

- This Booklet-Certificate applies to coverage only, and does not restrict your ability to receive health care services that are not, or might not be, covered.
- You cannot receive multiple coverage under the Plan because you are connected with more than one employer.
- In the event of a misstatement of any fact affecting your coverage under the Plan, the true facts will be used to determine the coverage in force.
- This document describes the main features of the Plan. Additional provisions are described elsewhere in the *group policy*. If you have any questions about the terms of the Plan or about the proper payment of benefits, contact your employer or **Aetna**.
- Your employer hopes to continue the Plan indefinitely but, as with all group Plans, the Plan may be changed or discontinued with respect to your coverage.

Assignments (GR-9N 32-005-05-NE)

Coverage may be assigned only with the written consent of **Aetna**. To the extent allowed by law, **Aetna** will not accept an assignment to an **out-of-network provider**, including but not limited to, an assignment of:

- The benefits due under this group insurance policy;
- The right to receive payments due under this group insurance policy; or
- Any claim you make for damages resulting from a breach or alleged breach, of the terms of this group insurance policy.

Misstatements (GR-9N-32-005-03)

If any fact as to the Policyholder or you is found to have been misstated, a fair change in premiums may be made. If the misstatement affects the existence or amount of coverage, the true facts will be used in determining whether coverage is or remains in force and its amount.

All statements made by the Policyholder or you shall be deemed representations and not warranties. No written statement made by you shall be used by **Aetna** in a contest unless a copy of the statement is or has been furnished to you or your beneficiary, or the person making the claim.

Aetna's failure to implement or insist upon compliance with any provision of this policy at any given time or times, shall not constitute a waiver of **Aetna's** right to implement or insist upon compliance with that provision at any other time or times. This includes, but is not limited to, the payment of premiums. This applies whether or not the circumstances are the same.

Incontestability

As to Accident and Health Benefits:

Except as to a fraudulent misstatement, or issues concerning Premiums due:

- No statement made by the Policyholder or you or your dependent shall be the basis for voiding coverage or denying coverage or be used in defense of a claim unless it is in writing after it has been in force for 2 years from its effective date.
- No statement made by the Policyholder shall be the basis for voiding this Policy after it has been in force for 2 years from its effective date.
- No statement made by you, an eligible employee or your dependent shall be used in defense of a claim for loss incurred or starting after coverage as to which claim is made has been in effect for 2 years.

Recovery of Overpayments (GR-9N-32-015-01 VA)

Health Coverage

If a benefit payment is made by **Aetna**, to or on your behalf, which exceeds the benefit amount that you are entitled to receive, **Aetna** has the right:

- To require the return of the overpayment; or
- To reduce by the amount of the overpayment, any future benefit payment made to or on behalf of that person or another person in his or her family.

Such right does not affect any other right of recovery **Aetna** may have with respect to such overpayment.

Reporting of Claims (GR-9N-32-020 01-V/A)

A claim must be submitted to **Aetna** in writing. It must give proof of the nature and extent of the loss. Your employer or **Aetna** has claim forms. **Aetna** will supply you with a claim form within 15 days of your request.

All other claims should be reported promptly. Written notice of a claim must be given to **Aetna** within 20 days after the occurrence or commencement of any loss covered under this policy. Failure to give notice within that time shall not invalidate or reduce any claim if it can be shown that notice was given as soon as reasonably possible. The deadline for filing a claim is 90 days after the date of the loss.

If, through no fault of your own, you are not able to meet the deadline for filing claim, your claim will still be accepted if you file as soon as possible. Unless you are legally incapacitated, late claims for health benefits will not be covered if they are filed more than 2 years after the deadline.

Payment of Benefits (GR-9N-32-005-02-V/A)

Benefits will be paid as soon as the necessary proof to support the claim is received. Written proof must be provided for all benefits.

All benefits are payable to you. However, **Aetna** has the right to pay any health benefits to the service provider. This will be done unless you have told **Aetna** otherwise by the time you file the claim.

Any unpaid balance will be paid within 30 days of receipt by **Aetna** of the due written proof.

Aetna may pay up to \$5,000 of any other benefit to any of your relatives whom it believes are fairly entitled to it. This can be done if the benefit is payable to you and you are a minor or not able to give a valid release. It can also be done if a benefit is payable to your estate.

Records of Expenses (GR-9N-32-030-02)

Keep complete records of the expenses of each person. They will be required when a claim is made.

Very important are:

- Names of **dentists** who furnish services.
- Dates expenses are incurred.
- Copies of all bills and receipts.

Effect of Benefits Under Other Plans (GR-9N 32-035-01)

Effect of An Health Maintenance Organization Plan (HMO Plan) On Coverage

If you are in an eligible class and have chosen dental coverage under an HMO Plan offered by your employer, you will be excluded from dental expense coverage on the date of your coverage under such HMO Plan.

If you are in an eligible class and are covered under an HMO Plan providing dental coverage, you can choose to change to coverage for yourself and your covered dependents under this Plan. If you:

- Live in an HMO Plan enrollment area and choose to change dental coverage during an open enrollment period, coverage will take effect on the group policy anniversary date after the open enrollment period. There will be no rules for waiting periods or preexisting conditions.
- Live in an HMO Plan enrollment area and choose to change dental coverage when there is not an open enrollment period, coverage will take effect only if and when **Aetna** gives its written consent.
- Move from an HMO Plan enrollment area or if the HMO discontinues and you choose to change dental coverage within 30 days of the move or the discontinuance, coverage will take effect on the date you elect such coverage. There will be no restrictions for waiting periods or preexisting conditions. If you choose to change coverage after 30 days, coverage will take effect only if and when **Aetna** gives its written consent.

Any extension of dental benefits under this Plan will not apply on or after the date of a change to an HMO Plan.

No benefits will be paid for any charges for services rendered or supplies furnished under an HMO Plan.

Effect of Prior Coverage - Transferred Business (GR-9N 32-040 02 V/A)

If your coverage under any part of this Plan replaces any prior coverage for you, the rules below apply to that part.

"Prior coverage" is any Plan of group coverage that has been replaced by coverage under part or all of this Plan; it must have been sponsored by your employer (e.g., transferred business). The replacement can be complete or in part for the eligible class to which you belong. Any such Plan is prior coverage if provided by another group contract or any benefit section of this Plan.

Coverage under any other section of this Plan will be in exchange for all privileges and benefits provided under any like prior coverage. Any benefits provided under such prior coverage may reduce benefits payable under this Plan.

If:

- A dependent child's eligibility under the prior coverage is a result of his or her status as a full-time student at a postsecondary educational institution; and
- Such dependent child is in a period of coverage continuation pursuant to a medically necessary leave of absence from school (or change in full-time student status); and
- This Plan provides coverage for eligible dependents;

coverage under this plan will continue uninterrupted as to such dependent child for the remainder of the continuation period.

Discount Programs (GR-9N-32-045-01 V/A)

Discount Arrangements

We can offer you discounts on health care related goods or services. Sometimes, other companies provide these discounted goods and services. These companies are called "third party service **providers**". These third party service **providers** may pay us so that they can offer you their services.

The third party service **providers** are independent contractors. The third party service provider is responsible for the goods or services they deliver.

We have the right to change or end the arrangements at any time.

These discount arrangements are not insurance. We don't pay the third party service **providers** for the services they offer. You are responsible for paying for the discounted goods or services.

Wellness and Other Incentives (GR-9N-32-045-01 V/A)

Aetna may encourage you to access certain medical services, use tools (online and others) that enhance your coverage and services, and continue participation as an **Aetna** member through incentives. You and your **physician** can talk about these medical services and tools and decide if they are right for you. In connection with a wellness or health improvement program, **Aetna** may provide incentives based on your participation and your results. Incentives may include but are not limited to:

- Modifications to **copayment, deductible, or coinsurance** amounts
- **Premium** discounts or rebates
- Contributions to a health savings account
- Fitness center membership reimbursement
- Merchandise
- Coupons
- Gift cards
- Debit cards, or
- Any combination of the above.

If prior to the end of the first 30 calendar day extension period, **We** again determine that due to matters beyond **Our** control a decision cannot be made within that extension period, the claim decision period may be extended for an additional 30 calendar days. **We** must notify you, prior to the end of the first extension period, of the reason requiring the extension and the date by which you can expect a decision.

Exhaustion of Process

You are encouraged to exhaust the applicable processes of the Appeal Procedure before you request an investigation of or file a **complaint** with the Virginia Bureau of Insurance.

You must receive a **final adverse determination** from **Us** before filing a request for an **External Review** with the Virginia Bureau of Insurance, except as outlined below and as described in the **External Review** section.

The foregoing procedures and processes are mandatory and must be exhausted before establishing any:

- litigation;
- arbitration; or
- administrative proceeding;

regarding an alleged breach of the policy terms by **Us** or any matter within the scope of the Appeals Procedure.

As to medical and **prescription drug** claims only, under certain circumstances you may seek simultaneous review through the internal Appeals Procedure and **External Review** processes—these include **Urgent Care Claims** and situations where you are receiving an ongoing course of treatment. Exhaustion of the applicable process of the Appeal Procedure is not required under these circumstances.

Important Note:

As to medical and **prescription drug** claims only, if **We** do not adhere to all claim determination and **appeal** requirements of the Federal Department of Health and Human Services, you are considered to have exhausted the **appeal** requirements and may proceed with **External Review** or any of the actions mentioned above. There are limits, though, on what sends a claim or **appeal** straight to an **External Review**. Your claim or internal **appeal** *will not* go straight to **External Review** if:

- a rule violation was minor and isn't likely to influence a decision or harm you;
- it was for a good cause or was beyond **Our** control; and
- it was part of an ongoing, good faith exchange between you and **Us**.

You or your authorized representative, or a **provider** acting on your behalf may request a written explanation of the violation from **Us**. **We** must provide such explanation of the violation within ten (10) days, including a specific description of its basis, if any, for asserting that the violation should not cause the internal **complaint** and **appeals** process to be deemed exhausted.

If an external reviewer or a court rejects your request, your authorized representative's request, or your **provider's** request for immediate review on the basis that **We** met the standards for the exception set forth in this section, you, your authorized representative, or your **provider** has the right to resubmit and pursue the internal **appeal** of the claim. An **appeal** should be made within a reasonable time after the external reviewer or court rejects the claim for immediate review, not to exceed five (5) days. **We** must provide notice of the opportunity to resubmit and pursue the internal **appeal**. The time period for submitting the **appeal** begins when you, your authorized representative or your **provider** receives notice.

External Review

You or your authorized representative may request an **External Review** if:

As to medical and **prescription drug** claims only, you received an **adverse determination** or **final adverse determination** because **We** determined that:

- The claim involved medical judgment;
- The care was not **medically necessary** or appropriate; or
- A service, supply or treatment was **experimental or investigational** in nature.

You or your authorized representative may also request an **External Review** before exhausting **Our** internal process if:

- you have a medical condition where the time frame for completion of the faster internal **appeal** of an **adverse determination** would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function;
- the **adverse determination** involved a denial of coverage based on a determination that the recommended or requested health care service or treatment was **experimental or investigational** and your treating physician certified in writing that the recommended or requested health care service or treatment would be significantly less effective if not promptly initiated;
- you or their authorized representative filed a request for a faster internal **appeal** of an **adverse determination** with **Us**, in which case the IRO assigned to conduct the **external review** will determine whether you should be required to complete the internal **appeal** before conducting the **external review**; or
- you or you authorized representative has filed a standard **appeal** of an **adverse determination** with **Us** and **We** have not issued a written decision within 30 days of the **appeal** requesting the review and you or your authorized representative have not agreed to a delay;

The notice of **adverse determination** or **final adverse determination** that you receive from **Us** will describe the process to follow if you wish to pursue an **External Review**, and will include copies of the *Request for External Review Forms*.

You must submit the *Request for External Review Forms* to the Commission within 120 calendar days of the date you received the **adverse determination** or **final adverse determination** notice. You also must include a copy of the notice and all other pertinent information that supports your request.

The Commission will contact the IRO that will conduct the review of your claim. The IRO will select one or more independent clinical reviewers with appropriate expertise to perform the review. In making a decision, the external reviewer may consider any appropriate credible information that you send along with the *Request for External Review Forms*, and will follow **Our** contractual documents and the terms of coverage under your health benefit plan. You will be notified of the decision of the IRO usually within 45 calendar days of the IRO's receipt of your request forms and all the necessary information.

A faster review is possible if your **physician** certifies (by telephone or on separate *Request for External Review Forms*) that a delay in receiving the service would:

- Seriously jeopardize your life or health; or
- Jeopardize your ability to regain maximum function; or
- If the **adverse determination** relates to **experimental or investigational** treatment, if the **physician** certifies that the recommended or requested health care service, supply or treatment would be significantly less effective if not promptly initiated.

You may also receive a faster review if the **final adverse determination** relates to an admission; availability of care; continued **stay**; or health service for which you received **emergency care**, but have not been discharged from a facility.

Faster reviews are decided within 72 hours after **We** receive the request.

We will abide by the decision of the IRO, except where **We** can show conflict of interest, bias or fraud.

You are responsible for the cost of compiling and sending the information that you wish to be reviewed by the IRO to **Us**. **We** are responsible for the cost of sending this information to the IRO and for the cost of the external review except for dental, vision and hearing claims.

For more information about the **appeals** procedure or **External Review** processes, call the **Member Services** telephone number shown on your ID card.

The amount of an **out-of-network provider's** charge that is eligible for coverage. You are responsible for all amounts above the **recognized charge**. The **recognized charge** may be less than the provider's full charge.

In all cases, the **recognized charge** is determined based on the Geographic Area where you receive the service or supply.

Except as otherwise specified below, the **recognized charge** for each service or supply is the lesser of what the **provider** bills and:

- For dental expenses:
 - 80% of the prevailing charge rate

We have the right to apply **Aetna** reimbursement policies. Those policies may further reduce the **recognized charge**. These policies take into account factors such as:

- The duration and complexity of a service;
- When multiple procedures are billed at the same time, whether additional overhead is required;
- Whether an assistant surgeon is necessary for the service;
- If follow up care is included;
- Whether other characteristics modify or make a particular service unique;
- When a charge includes more than one claim line, whether any services described by a claim line are part of or incidental to the primary service provided and
- The educational level, licensure or length of training of the provider.

Aetna reimbursement policies are based on our review of:

- The Centers for Medicare and Medicaid Services' (CMS) National Correct Coding Initiative (NCCI) and other external materials that say what billing and coding practices are and are not appropriate
- Generally accepted standards of medical and dental practice and
- The views of **physicians** and **dentists** practicing in the relevant clinical areas.

We use commercial software to administer some of these policies. Some policies are different for professional services than for facility services.

Special terms used

Geographic Area and Prevailing Charge Rates are defined as follows:

Geographic Area

The Geographic Area is made up of the first three digits of the U.S. Postal Service zip code. If we determine we need more data for a particular service or supply, we may base rates on a wider Geographic Area such as an entire state.

Prevailing Charge Rates

The percentile value reported in a database prepared by FAIR Health, a nonprofit company. FAIR Health changes these rates periodically. **Aetna** updates its systems with these changes within 180 days after receiving them from FAIR Health. If the FAIR Health database becomes unavailable, **Aetna** has the right to substitute an alternative database that **Aetna** believes is comparable.
