Inova BabyNET Breastfeeding Support

BENEFITS OF BABYNET

- **Support at Your Fingertips**
from your Care Manager through convenient email and phone check-ins; no in-person appointments to keep.
- **Trusted Answers**
to your important breastfeeding questions from your personal Care Manager covering common topics such as: how to get started, problem solving, pumping and storage, returning to work, weaning and transitioning to solids.
- **A One-to-One Relationship**
with your personal Care Manager who stays with you during your baby's first year and learns your personal needs.
- **Important and Up-to-Date Information**
from your Care Manager based on the latest research and tailored to your goals.
- **Educational Newsletters**
providing essential information to have a successful and rewarding breastfeeding experience.

As a member of the BabyNET Breastfeeding Support Program, you receive tailored, one-to-one support from a Lactation Consultant, known as your Care Manager. Enjoy customized email and phone support from the comfort, privacy and convenience of your own home or office.
